The newly established Israeli-Azerbaijan International Association will not only deepen Azerbaijani-Israel relations, but also serve peace and constructive dialogue in the Middle East.

Modern world calls us for Diaspora, relations and interaction. This important step taken by Azerbaijan will show in the nearest future the largest opportunities of Azerbaijanis and Turkish in the world. Azerbaijan signed not only for cooperation with Israel, but also for peace, long-lasting cooperation in the region.

I welcome this, Akkan Suver, head of the Marmara Group Strategic and Social Research Foundation told APA.

Suver stating that some complain about having no Azerbaijani Embassy in Israel, stressed that Turkish Embassy in Israel means Azerbaijani embassy at the same time.

"We can not think otherwise. Of course, I hope that Azerbaijani Embassy will be opened in Israel soon. But the establishment of Israeli-Azerbaijan International Association shows that Azerbaijan has nearly 100 thousand ambassadors to Israel," he said.

Suver congratulated Azerbaijanis living in Israel and Azerbaijani Jews on the establishment of the association and expressed confidence that it will contribute to Azerbaijan-Israel relations and successfully carry out lobby lobbying.
